

Would you like an iPad mini?!

US Venture donated iPad mini 4s for you to earn for FREE.

Comes with a charger and case.

*Limit one per youth. *Limited supply.

Here are the steps needed for you to earn an iPad mini:

1. Get the bottom of the paper filled out by your parent/guardian.
2. Complete 10 activity offerings.

Here is how to complete the 10 activity offerings:

- Eligible activities are those offered by staff members after announcements and can be completed during middle school time or high school time.
- D&D will not count as an eligible activity since it is a select group of youth participating.
- Participation in an eligible activity will only count once per day.
- New youth will become eligible to participate once they have been attending Youth Go for two weeks.

Staff members will track everyone's progress. So, no need to worry about holding onto paperwork.
